How Your Album is Made

All albums include complete consultation and design services. When you receive your proof set, you choose the images that you want to be included in your album, and return them to us. (We will give these proof images back to you, once we have completed your album design.) All album images may be printed in black & white, color or a mix of the two at your request.

From the images, color schemes, text, and themes you choose, we will create a proof of your album for you to approve. Once we receive your okay on the design, we will order your book to be bound. You receive a beautiful album that will transport you back to your wedding day for years to come.

Larger album sizes are available at an additional cost to The Gold and Platinum Wedding. These sizes are included in The Diamond Wedding.

Additional album revisions after the first review are \$75 per hour.
